

Phone Calls/ Texting

I understand, I am not to initiate or respond to any text messages while driving. If I am to make a call or text message, I will pull off the road at a safe location, put the vehicle in park and then make a call. At no time will I initiate a call/ text message while I am operating a Company Motor Vehicle or while making a delivery/ returning to the shop. If I am involved in a traffic related accident and was caused by my negligence, either by calling or text messaging, I understand I will be written up and or terminated for a violation of a Company Safety Policy.
